### **Continuing Medical Education:**

The Medical University of South Carolina is accredited by the Accreditation Council for Continuing Education (ACCME) to provide continuing medical education for physicians. The Medical University of South Carolina designates this live activity for a maximum of one (1) *AMA PRA Category 1 Credits(s)*<sup>™</sup>. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education anyone involved in planning or presenting this educational activity will be required to disclose any financial relationships with any ineligible companies. This information is listed below. Any financial relationships with these ineligible companies have been mitigated by the MUSC Office of CME. Speakers who incorporate information about off-label or investigational use of drugs or devices will be asked to disclose that information at the beginning of their presentation.

We are using the tracker system for registering CASE attendance and for CME credit. A code specific to the event will be given out at the event. You will have 7 days to claim credit for attending each activity. Please see attached instructions.

### **Continuing Education Units:**

Applied for 1 contact hour. To receive CEU for this session, you must complete the post-session survey and score at least 75%.

**Save the date! October 10, 2023**

*CASE is led by Silvia Pereira-Smith, MD (developmental-behavioral pediatrician) and Ashley Early, LISW-CP (developmental-behavioral social worker and mental health provider), along with Claire MacGeorge, MD (general pediatrician) and Erin Hayes, MD (child and adolescent psychiatrist). CASE is supported by HRSA Maternal Child Health (T20MC30802) It features a topic each month, often with an expert guest. This group's aim is to improve the ability of pediatric providers and other community professionals to address the day-to-day psychosocial issues of children, adolescents, and their families, and collaborate with developmental-behavioral pediatricians, social workers, and child psychiatrists through peer supervision.*
