By connecting primary care providers with a board-certified child and adolescent psychiatrist, the provider-to-provider consultation line is designed to enhance care for youth experiencing mental and behavioral health challenges.

This service is available free of charge. Please visit www.yap-p.org or call 877-729-2779 to schedule a consultation.

YAP-P in the Community

In May, YAP-P Program Coordinator, Ezra Moore, attended the *Meet SCDMH* event to raise awareness about YAP-P services.

The event was held in Columbia, SC and provided an opportunity for the community to learn more about SCDMH while enjoying the springtime weather!

It was a fun way to educate and share resources. If you’d like YAP-P to have a table at your event, please contact Ezra at ezra.moore@scdmh.org.
